

ICSC Honors Veterans Who Have Fought for Justice and Freedom

On Veterans Day, *the Islamic Center of Southern California* expresses deepest gratitude to all the brave veterans who have fought for justice and freedom . We are indebted to those who sacrificed their lives for the values that we all hold dear.

We are also grateful to the American Muslim veterans who, through their service to our country, have corrected misinformation about Islam and Muslims. Their sacrifices have done much to create a better understanding of the religion of Islam and the place of Muslims in the American society.

May God bless our veterans and may God bless the United States of America.
